

A SONG WRITTEN FOR VICTORIA

Endless Love

1:04

3:09

Victoria, we met at that wedding day,
Your sister and my cousin found their way.
Strong and passionate, that's who you are,
Even with distance, you're never far.
Gentle and kind, you light up my life,
I'm so grateful to call you my wife.

*Victoria, you're my true love, my everything,
In my heart, your name forever will ring.
Can't wait to hold you in my arms each day,
Together, forever, come what may.*

Remember the laughter, the joy we shared,
Building our dreams, knowing you cared.
Though miles apart, our love stays strong,
In your embrace is where I belong.
Every moment spent with you feels so right,
In your eyes, I find my guiding light.
Through challenges and time, we stand tall,
With you by my side, I have it all.

*Victoria, you're my true love, my everything,
In my heart, your name forever will ring.
Can't wait to hold you in my arms each day,
Together, forever, come what may.*

I dream of the day we close the gap,
In your arms, I'll find my map.
Every sunrise, every star above,
Reminds me of our endless love.

*Victoria, you're my true love, my everything,
In my heart, your name forever will ring.
Can't wait to hold you in my arms each day,
Together, forever, come what may.*

*Victoria, my love, my guiding star,
In this life, you're never too far.*
