A SONG WRITTEN FOR BEN

# Evergreen Love Journey

Ben, I remember that group date night,
Trading partners under the moonlight.
You raised my daughter like your own,
Together, our love has grown.
Since I was just nineteen,
Thirty-four years, a love evergreen.

> *Ben, I love you always,*
> *Through life's winding ways.*
> *Funny, caring, strong and true,*
> *Every day, I choose you.*

Our journey's had its ups and downs,
But in your love, I've never drowned.
You've been my rock, my gentle guide,
Through challenges, side by side.
Our daughter tested us through the years,
But we've faced it all, dried the tears.
Raising each other's kids as our own,
In this family, love has shone.

> *Ben, I love you always,*
> *Through life's winding ways.*
> *Funny, caring, strong and true,*
> *Every day, I choose you.*

As the years ahead unfold,
In your arms, I feel bold.
With you, I'm forever home,
Together, we'll never roam.

> *Ben, I love you always,*
> *Through life's winding ways.*
> *Funny, caring, strong and true,*
> *Every day, I choose you.*

*In your love, I find my place,*
*Forever yours, in this embrace.*
*I love you always.*
