

A SONG WRITTEN FOR TAMMI

Winding Ways of Love

Just because

1:06

3:13

At a bar in Wyandotte, we met
My restless heart grew still at sunset
The music made the whole room glow so bright
Twenty twenty-one, we took our vows that night
Your steady hand has always led me through
Each day, I find a better home in you

*Tammi, you stayed close through my darkest days
Your love has lit up all my winding ways
Just because, I sing my love for you
Side by side, just me and you*

Our Detroit Lions seats are waiting there
At concerts, we let the music fill the air
Those roaring Sundays bring us back in tune
We sing the night beneath a rising moon
When your sister passed, you held Riley near
God blessed our home when Riley moved in here
To Sadie and Kuma, you give your heart
The best dog mom, your love's a work of art

*Tammi, you stayed close through my darkest days
Your love has lit up all my winding ways
Just because, I sing my love for you
Side by side, just me and you*

Whatever waits beyond the open door
I'll thank the stars for every day with you
I'll keep on choosing you forevermore
Just us, our love, forever true

*Tammi, you stayed close through my darkest days
Your love has lit up all my winding ways
Just because, I sing my love for you
Side by side, just me and you*

*Your hand in mine, our little world feels right
We keep the music dancing through the night*
