

A SONG WRITTEN FOR SOPHIE

Forever My Beautiful Rose

Just because

1:14

3:38

On Rose Street, you became my rose
Your kindness called my heart to stay
You are the warmth my whole life knows
Your patience lights my darkest day
From then, I knew a love so true
Each day, my heart comes back to you

*Sophie, I'll love you all my days
In the hereafter, love will shine
My heart will always light your way
Forever, you are truly mine*

We travelled the world, hand in hand
From UK to USA, side by side
Italy, France, Morocco too
With love and passion burning bright
Five beautiful children, our delight
Love and connection held us true
Distance could pull our hearts at night
My mind and health brought storms we knew

*Sophie, I'll love you all my days
In the hereafter, love will shine
My heart will always light your way
Forever, you are truly mine*

No special reason, only love
I'll love you through each coming day
You're all I'm ever thinking of
My heart will always find its way

*Sophie, I'll love you all my days
In the hereafter, love will shine
My heart will always light your way
Forever, you are truly mine*

*From Rose Street, our true love still grows
Forever, you're my beautiful rose*
