

A SONG WRITTEN FOR DOROTHY

# Blessing in My Life

*Just because*

1:45

5:08

Over the phone, I heard your voice  
One call, and my heart had made its choice  
No mistake, it felt like destiny  
Your love brought strength so close to me  
When I was weak, you held me near  
You forgave my faults year after year

*DOROTHY, you're the blessing in my life  
Just because, I thank you for your light  
I love you more than I can ever show  
Our love will always grow*

We lost a home, no ground beneath our feet  
But we recovered, would not know defeat  
We rose again, still side by side  
And grew much stronger, love our guide  
Through tragic times, you stayed so near  
You chose to stay through every tear  
For thirty-five years, we've been man and wife  
I'm grateful you have stayed within my life

*DOROTHY, you're the blessing in my life  
Just because, I thank you for your light  
I love you more than I can ever show  
Our love will always grow*

When bad choices left me lost along the way  
You stayed beside me, showing me the way  
Your loving strength has always been my guide  
Your caring heart stood firmly by my side  
You saw the good when I could not see clear  
And held me close through every doubt and tear  
To have your love in life is still my dream  
Each day, I love you more than words can seem

I pray the years will hold us near  
And keep this love so bright and clear  
No matter where the road may bend  
I pray our love will never end

*DOROTHY, you're the blessing in my life  
Just because, I thank you for your light  
I love you more than I can ever show  
Our love will always grow*

*Your hand in mine still feels like home  
With you, my heart will always roam*
