A SONG WRITTEN FOR RONA

Heartfelt Tribute

Tribute

When we were young, I had that mod style
Your smile could make the hard
days worthwhile
With our daughter Chelsea, side by side
We found our own sweet, steady stride
We walked our boys beneath the blue
And life felt wide and bright and true

> *Rona, this tribute holds my heart*
> *Your smile has been my brightest part*
> *You mean so much in all I do*
> *Forever, I love you*

Then came the morning, cold and bare
When Broxi was no longer there
We cried until the light was gone
And held each other, carrying on
Now Bear receives the love we share
And feels the tenderness we bear
We miss our boy, but side by side
We keep his memory warm inside

> *Rona, this tribute holds my heart*
> *Your smile has been my brightest part*
> *You mean so much in all I do*
> *Forever, I love you*

Whatever waits along our way
I'll love you more with every day
Your smile will guide my heart anew
My heart comes home to you

> *Rona, this tribute holds my heart*
> *Your smile has been my brightest part*
> *You mean so much in all I do*
> *Forever, I love you*

With Bear, we keep our love so near
And hold the moments we hold dear
