A SONG WRITTEN FOR LYNDA

Eternal Promise

Just because

1:06 3:13

On the day we got married, hand in hand
I saw forever in your eyes
The promise felt like solid land
And laughter filled the open skies
You are my best friend, tried and true
My heart keeps finding home in you

> *Lynda, my love grows every day*
> *I value you in every way*
> *God's greatest blessing is my light*
> *Forever, stay here by my side*

When our children's health brought long anxious nights
You held us close and stayed so near
Your love for them became our light
And made the heavy hours clear
When choices weigh upon my mind
You speak with sense, so calm and true
And in your laugh, I always find
The strength to see the hard days through

> *Lynda, my love grows every day*
> *I value you in every way*
> *God's greatest blessing is my light*
> *Forever, stay here by my side*

I'll show my love in all I do
You are my heart, so strong and true
Whatever roads may come our way
I'll hold your hand through night and day

> *Lynda, my love grows every day*
> *I value you in every way*
> *God's greatest blessing is my light*
> *Forever, stay here by my side*

Our wedding day still lights my view
I walk this life with love for you
