

A SONG WRITTEN FOR DEBBIE

Shining Love Melody

Birthday

1:18

3:48

I went to get my hair cut one day
Then there you were, and words found
their way
We met thirty-five years ago, it's true
Then lost each other from my view
Your kindness gave the day a glow
I felt a love begin to grow

*Debbie, on your birthday, hear my heart say
You are my rock, my shining light
Your love makes me kinder day by day
Love shines so bright*

You are a loving mother, kind and true
And all the good in me comes back to you
When I was ill, you kept me going strong
You were my life support all along
Your heart leads me to help those in need
It shows me every kinder word and deed
I love you more than words can convey
You are my everything, come what may

*Debbie, on your birthday, hear my heart say
You are my rock, my shining light
Your love makes me kinder day by day
Love shines so bright*

I wish my mother had met you too
She'd see your loving heart shine through
May every birthday bring skies of blue
I'll hold your hand in all we do

*Debbie, on your birthday, hear my heart say
You are my rock, my shining light
Your love makes me kinder day by day
Love shines so bright*

*That haircut brought you back to me
Our love became my melody*
