

A SONG WRITTEN FOR JANE

The Rest of My Life With You

Just because

1:40

4:53

I still remember the day our story began at the
kids' school,
A simple moment that changed my world in the
sweetest way.
Among the busy days, I found someone truly special,
A love that grew stronger with every single day.
You have always been there when I needed you
the most,
With your loving heart and your gentle way of caring.
Even when life brought challenges we never expected,
You stayed beside me, showing me what love means.

*Jane, you are the love that makes my life complete,
The person who brings my heart peace and makes my
days brighter.
No distance, no difficult moment could ever change what
we have,
I want to spend every tomorrow and the rest of my life
with you.*

There were times when we had to live apart,
When the miles between us made each day feel longer.
But our hearts always found their way back together,
Because our love was always stronger than the distance.
You proved that true love is not only about easy days,
It is about holding on when life becomes difficult.
Through every storm, every doubt and every
waiting moment,
You showed me that we were meant to keep going.

*Jane, you are the love that makes my life complete,
The person who brings my heart peace and makes my
days brighter.
No distance, no difficult moment could ever change what
we have,
I want to spend every tomorrow and the rest of my life
with you.*

If I could choose my path a thousand times again,
I would always find my way back to you.
Because you are my home, my happiness, my forever,
The one I want beside me through everything we do.

*Jane, you are the love that I will always protect,
The beautiful chapter I never want to end.
After every road, every distance and every challenge,
You are still the one I choose again and again.*

*I love you more than words could ever explain,
And I will spend my life loving you, Jane.*
