

A SONG WRITTEN FOR COURTNEY CRYSTAL CARA CATELYN

Eternal Love's Light

Just because

1:06

3:16

All our memories fill the room
Your laughter makes the whole world bloom
Your clever heart can draw me near
Your gentle love makes all things clear
Your courage walks with you each day
Your beauty shines in your own way

Courtney Crystal Cara Catelyn
I love you more than words explain
Your courage turns the dark to light
And our love burns forever bright

There were hard days we made it through
You gave me strength by being you
I saw your courage hold its ground
When every answer wasn't found
Through all of it, your love stayed true
It warmed the sky I traveled through
Your funny ways still lift the air
I keep your love with tender care

Courtney Crystal Cara Catelyn
I love you more than words explain
Your courage turns the dark to light
And our love burns forever bright

Just because, I sing this song for you
My love will stay both kind and true
Whatever comes, I'll hold you tight
And love will lead you to the light

Courtney Crystal Cara Catelyn
I love you more than words explain
Your courage turns the dark to light
And our love burns forever bright

All our memories softly glow
Wherever you may choose to go
