

A SONG WRITTEN FOR ORLAITH

Home Within My Heart

Birthday

1:26

4:13

On every journey, we'd race for the plane
You'd laugh as I was running late
You'd say, "Next time, we'll be on time again"
And still you'd wait for me at the gate
Each road felt lighter by your side
With all the fun that filled the ride

*Orlaith, you're the best thing that's happened to me
You're the bright dream I get to see
You're all the home within my heart
I can't imagine us apart*

You held your ground through darkest days
When both your Mam and Dad had gone
They passed eleven days apart, you stayed
Still finding strength to carry on
The grace of Joan shines through in you
Your caring heart has seen me through
You're always there when skies turn grey
And make me hope for brighter days

*Orlaith, you're the best thing that's happened to me
You're the bright dream I get to see
You're all the home within my heart
I can't imagine us apart*

You never moan through heavy days
You keep on caring, calm and strong
When I am late, you find new ways
To say, "Next time, don't be long"
The beauty of your mother's heart
Still lives in all you say and do
Your steady love has made a home
On every road I take with you

On your birthday, may you shine bright
May every dream be yours tonight
I'll hold your hand through all we face
And keep our future full of grace

*Orlaith, you're the best thing that's happened to me
You're the bright dream I get to see
You're all the home within my heart
I can't imagine us apart*

*Wherever roads may lead us through
My heart comes home because of you*
