

A SONG WRITTEN FOR BRYNLI

Guardian of Joy

Tribute

1:04

3:08

A year and a half since paths first crossed
You never had to prove a thing
No armor needed when we talked
I was a quiet place to bring
The heavy thoughts you carried through
Our friendship grew both strong and true

*Brynli, you put a smile on my face
Each time I see you, joy takes place
A superstar on your own bright way
I'm grateful I can cheer each day*

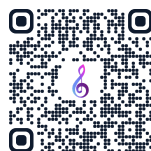

You strive to be the best you can
Your care inspires me time again
A cancer survivor, I have learned
How hope can rise through every turn
A retired combat warfighter too
I've faced what heavy days can do
With no fear, we stand side by side
And I am proud to call you friend

*Brynli, you put a smile on my face
Each time I see you, joy takes place
A superstar on your own bright way
I'm grateful I can cheer each day*

When warrior brothers left too soon
The Lord brought you into my view
I'll be your guardian angel, friend
With deep respect that never ends

*Brynli, you put a smile on my face
Each time I see you, joy takes place
A superstar on your own bright way
I'm grateful I can cheer each day*

*Your kindness leaves a gentle glow
I'm blessed to be the friend you know*
