

A SONG WRITTEN FOR JENNIFER

Timeless Love Story

Just because

1:13

3:35

Back in high school, in 1988
I switched schools, and I wrote of you
In health class, we wrote of our fate
Our teacher told me you wrote too
From our first date, I could see
You were the one meant just for me

*Jennifer, you're my best friend, my home
Just because, I need you near
My love has grown through all we've known
You are my everything, my dear*

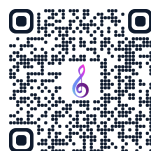

We were living out in California
Then baseball pulled me to Florida's shore
I chased my dream, still you were with me
Miles apart, but I loved you more
When brain surgery brought harder days
You stood so strong and brave and near
Your caring love lit up the haze
And helped me through my hardest fears

*Jennifer, you're my best friend, my home
Just because, I need you near
My love has grown through all we've known
You are my everything, my dear*

It's 34 and forever to go
I love you more than you ever know
For 34 it's been you and I
I'll love you forever until the day I die

*Jennifer, you're my best friend, my home
Just because, I need you near
My love has grown through all we've known
You are my everything, my dear*

*From our first date, I knew you were the one
My whole heart beats for you alone*
