A SONG WRITTEN FOR SHARON

Soul Sister's Journey

Birthday

We met at school when we were young
And found a bond that made us strong
For fifty years, that friendship grew
Each turn of life, I shared with you
You make me laugh, then make me see
The strength I never knew in me

> *Sharon, my soul sister, always near*
> *Your friendship means the world, it's clear*
> *You're woven into all I do*
> *Sharing this crazy world with you*

On Greek islands, our laughter flew
We got in mischief, just us two
Through ups and downs, you carried on
Against the odds, your strength held strong
You listen, challenge, help me grow
You push me where I need to go
Your lust for life fills all the air
Your generous heart has room to spare

> *Sharon, my soul sister, always near*
> *Your friendship means the world, it's clear*
> *You're woven into all I do*
> *Sharing this crazy world with you*

On this birthday, I wish you light
May every road feel warm and bright
I'll stand beside you on the way
And share your laughter day by day

> *Sharon, my soul sister, always near*
> *Your friendship means the world, it's clear*
> *You're woven into all I do*
> *Sharing this crazy world with you*

Still side by side, through all we do
That crazy world feels bright with you
