

A SONG WRITTEN FOR DEBBIE

Paths Crossed in Time

Birthday

0:57

2:48

I joined the YMCA 4 years ago
New to Texas, finding my way
You were the first friend I found there
Your laughter lifted every care
Exercise classes, side by side
And we grew close, stride by stride

*Debbie, wonderful friends are hard to find
I'm so glad our paths crossed in time
You lead the pack in all you do
I'm glad our paths crossed, through and through*

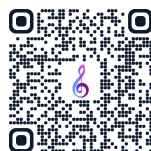

Your hurt knee kept you from the gym
The classes we once shared grew dim
Yet you love adventures, seeking more
Your laughter opens every door
A leader of the pack, so strong
You draw us forward all along
Even stern, you make me smile
We've grown so close, all the while

*Debbie, wonderful friends are hard to find
I'm so glad our paths crossed in time
You lead the pack in all you do
I'm glad our paths crossed, through and through*

On your birthday, I want you to know
I'll stay beside you where you go
May every adventure start anew
With open roads in front of you

*Debbie, wonderful friends are hard to find
I'm so glad our paths crossed in time
You lead the pack in all you do
I'm glad our paths crossed, through and through*

*From that first class, a light still glows
And every day, our closeness grows*
