

A SONG WRITTEN FOR SOLOMON

Stay By Me

Wedding

1:25

4:10

At my sister's wedding, you stood near
Her husband's best man, bright and clear
I was the bridesmaid on that day
Our paths would find a gentler way
Two years after our wedding, we met
That reunion, I'll never forget

*SOLOMON, you stay by me through it all
No schooling makes your faithful heart small
I love you for the light you bring
Stay by me, my everything*

An issue at work tested your heart
Yet fear of God still played its part
Your wisdom shines in all you do
Your thoughtful mind sees matters through
Whenever money's in your hand
You spend it freely, as you can
No matter where my schooling stands
You stay with me and understand

*SOLOMON, you stay by me through it all
No schooling makes your faithful heart small
I love you for the light you bring
Stay by me, my everything*

On this wedding day, I vow
To keep choosing you from now
Go to bed on time each night
May rest hold you soft and light

*SOLOMON, you stay by me through it all
No schooling makes your faithful heart small
I love you for the light you bring
Stay by me, my everything*

*Two paths beneath a wedding sky
Still side by side, just you and I*
