

A SONG WRITTEN FOR REBEKAH

Endless Vows

Wedding

1:19

3:53

That night, your sister's third child came
You came to stay with my family
On the swings, we laughed, nothing stayed
the same

You made it all feel easy to me
That quiet start still lights my way
And leads me to our wedding day

*Rebekah, I love you more each day
On this wedding day, I vow to stay
The Lord has blessed my life anew
I thank the Lord for you*

Countless times, you prayed I'd come
back safe

While I served to guard community
Your faith became my saving grace
Your patient love stood close to me
When COVID came from me to you
You stayed awake, right there with me
Doctors said to plan your funeral
Not sedated, on a ventilator

*Rebekah, I love you more each day
On this wedding day, I vow to stay
The Lord has blessed my life anew
I thank the Lord for you*

From this day on, I'll hold you near
Through every road our lives may know
With all my heart, year after year
I'll walk beside you as we grow

*Rebekah, I love you more each day
On this wedding day, I vow to stay
The Lord has blessed my life anew
I thank the Lord for you*

*That swing-set night still warms my heart
Our wedding is a brand-new start*
