

A SONG WRITTEN FOR MACI

MACI'S SONG

Just because

1:27

4:15

At story time, our laughter filled the air
Your beautiful smile was shining there
I saw a heart of gold in you
That made the grayest mornings new
With every page, we'd find a brighter way
And hold those little joys throughout the day

*MACI, your heart of gold lights up my days
Your smile will show us gentle ways
Jehovah's promises will lead us through
His promises stay true*

Since losing Mommy Marissa, we wept
Yet faithful promises are kept
We'll soon see Mommy Marissa again
In peace, where joy will never end
A beautiful life with no more tears
No more fears through all the years
A beautiful future lies in view
With happiness for me and you

*MACI, your heart of gold lights up my days
Your smile will show us gentle ways
Jehovah's promises will lead us through
His promises stay true*

I'll hold our hope when days feel long
And keep our story bright with song
Jehovah's words will light our way
Until we share that promised day

Olive and Grayson will be jumping for Joy
With us everyday in Paradise

*MACI, your heart of gold lights up my days
Your smile will show us gentle ways
Jehovah's promises will lead us through
His promises stay true*

*Please remember, you're your Nani's little crown
and the apple of my eyes
We will see Mommy Marissa soon, always trust in
Jehovah with all your heart
Our hope is in Jehovah God's hands forever*
