

A SONG WRITTEN FOR ASHLEY

Soul Sister's Smile

Birthday

1:09

3:22

We sang in the car on errands together
Shopping beside you made days better
At Wally World, we'd laugh down each aisle
You turned small moments into smiles
My car got stuck in the sand one day
Somehow, your love chased fear away

*Ashley, I can't picture life without you
You're the reason that I smile each day
My soul sister, I'd do anything for you
You make me smile every day*

When we lost Grandma, you stayed strong
You pushed through hard times, carried on
Your breakfast sandwiches made me smile
Chorizo burritos for each mile
A dedicated mother, a dear friend
You make sure I'm fed again
You're wise and loving, one of a kind
Your steady heart stays on my mind

*Ashley, I can't picture life without you
You're the reason that I smile each day
My soul sister, I'd do anything for you
You make me smile every day*

On your birthday, I hope you know
How far for you I'd always go
No matter what the road may bring
I'll stand beside you through everything

*Ashley, I can't picture life without you
You're the reason that I smile each day
My soul sister, I'd do anything for you
You make me smile every day*

*A song from my heart, held close and true
For all the ways you see me through*
