

A SONG WRITTEN FOR MARIFE

Always Loving You

Birthday

1:23

4:05

I met you in a shop one quiet day
Your cheerful smile brought sunlight to
my heart
Your kindness found a tender, gentle way
Your loving care became my favorite part
Since then, my world has opened like
the sky
With you, my love, I always want to fly

*marife, my love for you stays true
Your caring heart has seen me through
On your birthday, hear me say
I will be loving you always*

Fifteen years of marriage have gone by
And still you lift my heart up to the sky
Long-distance love could not keep us apart
It only drew you closer to my heart
Your cheerful warmth can change the
darkest night
Your caring ways make every
moment bright
With every year, I see your love anew
And find more reasons I belong with you

*marife, my love for you stays true
Your caring heart has seen me through
On your birthday, hear me say
I will be loving you always*

May every dream bring joy to you
I'll stay beside you all the way
May every morning feel brand new
My love will grow with every day

*marife, my love for you stays true
Your caring heart has seen me through
On your birthday, hear me say
I will be loving you always*

*That shop still shines inside my heart
Your love and mine will never part*
