

A SONG WRITTEN FOR PAULIE

Team M&M Forever

Birthday

0:55

2:41

I coached your soccer, little league
Beach weeks on Long Beach Island's shore
Crystal Springs on summer days
Kayaking the Mystic, wanting more
Mommy-munchkin camping trips
Stitches in your hand, still brave and free

*Paulie, my heart runs wild and free
My favorite human, part of me
We got bonds, bud, always together
Team M&M, now and forever*

Macarons on the Eiffel Tower
Gelato on the Trevi stair
Pizza-making class in Florence
Leaning Pisa, wind in your hair
Cave tubing deep in Belize
The Acropolis in the sun
A monkey bit your head, Honduras
You rolled off a Mayan ruin, laughing, fun

*Paulie, my heart runs wild and free
My favorite human, part of me
We got bonds, bud, always together
Team M&M, now and forever*

You beat mono, you beat Lyme
Even swallowed a magnet, bud
On your birthday, I wish you light
Team M&M will lead you home

*Paulie, my heart runs wild and free
My favorite human, part of me
We got bonds, bud, always together
Team M&M, now and forever*

*Dinosaurs and your laughing eyes
Still shine like stars across my skies*
