

A SONG WRITTEN FOR RACHAEL

Growing Light

Christmas

1:00

2:56

You called our tom cat your sister, too
And wrote that he had kittens, it's true
At primary school, your tales took flight
Each princess dress made you shine bright
My only child, with your clever mind
Your laughter and kindness intertwined

*Rachael, this Christmas, I want you to know
How proud I am to watch you grow
Whatever your age, you're my little girl
All my heart is yours in all the world*

From Woodlands Primary, you found
your way
At Greenfaulds High, you shone bright
each day
Glasgow University knew your name
A Pharmacology degree you gained
At Cornhill Castle, vows were made
With Arran, love stood unafraid
Now Archie brightens up your door
May life bring all you're hoping for

*Rachael, this Christmas, I want you to know
How proud I am to watch you grow
Whatever your age, you're my little girl
All my heart is yours in all the world*

May every wish you hold come true
May life be all you hope to find
Keep your kind heart close to you
With peace and joy to fill your mind

*Rachael, this Christmas, I want you to know
How proud I am to watch you grow
Whatever your age, you're my little girl
All my heart is yours in all the world*

*This Christmas, I see your shining light
My little girl, my heart tonight*
