

A SONG WRITTEN FOR THOMAS HART

Unbreakable Bond

Just because

1:07

3:18

The day I took your name as mine
Our lives were joined in one bright line
Your caring strength was standing near
It made the future feel so clear
I found a steady heart to share
And felt your love was always there

*Thomas Hart, you're strongest I've known
You left your past and carried on
You grew to be a godly man
And I am proud to hold your hand*

When we became parents, love took flight
You held our family warm and bright
As grandpa, caring through and through
That strength still shines in all you do
We lost our parents, felt the pain
We walked through days of quiet rain
Yet you left yesterday behind
And grew with faith, so strong and kind

*Thomas Hart, you're strongest I've known
You left your past and carried on
You grew to be a godly man
And I am proud to hold your hand*

No special day has brought this song
It comes because my love is strong
Whatever comes, I'll walk with you
With thankful heart for all you do

*Thomas Hart, you're strongest I've known
You left your past and carried on
You grew to be a godly man
And I am proud to hold your hand*

*Your hand in mine, our hearts in tune
I'll hold this love forever true*
