

A SONG WRITTEN FOR DAD

Guided by Your Light

Birthday

1:06

3:13

“Stay focussed,” you said when my world
spun round

“Be ruthless,” you said, “and stand
your ground”

Life’s a marathon, never a sprint
You lit the way when my hope was spent
With every word, you helped me see
The strength you always saw in me

*Dad, your love has made me feel so strong
You turned my whole life round each day
Your cheers have carried me along
My safest place along the way*

As a business owner, you showed the way
You were there through the night and day
When postnatal depression dimmed
my light

You stayed my soundboard through
the night

No matter how dark, no matter how tough
We had each other, that was enough
Your steady care would see me through
I found my strength because of you

*Dad, your love has made me feel so strong
You turned my whole life round each day
Your cheers have carried me along
My safest place along the way*

On your birthday, I want you to know
Wherever life leads, our love will grow
I’ll carry your wisdom, clear and true
And keep turning toward the light
with you

*Dad, your love has made me feel so strong
You turned my whole life round each day
Your cheers have carried me along
My safest place along the way*

*Your cheers still echo, warm and bright
I walk on, held by your light*
