A SONG WRITTEN FOR LISA

Light in My Heart

Christmas

1:14 3:38

At Chepstow Wetherspoons, we spoke
I joined the races with my friends that day
You weren't seeking a man, but hope awoke
And all my doubts began to fall away
Your open heart became my steady guide
I felt my world grow calmer by your side

> *Lisa, you brought light into my heart*
> *Your love has made a peaceful place for me*
> *You gave my broken world a brand-new start*
> *Together strong, where we'll always be*

At White Valley butterfly farm, we smiled
The weekend felt so gentle, warm, and new
At Two Rivers, time slowed down awhile
I found a steady kind of joy with you
When work brought stress, we faced the
harder days
We held each other through the weight
of it
We talk each day across the miles always
Our promise rings still say we won't quit

> *Lisa, you brought light into my heart*
> *Your love has made a peaceful place for me*
> *You gave my broken world a brand-new start*
> *Together strong, where we'll always be*

This Christmas, I will tell you what is true
No second best will ever be your place
My future is a promise made to you
I see forever in your trusting face

> *Lisa, you brought light into my heart*
> *Your love has made a peaceful place for me*
> *You gave my broken world a brand-new start*
> *Together strong, where we'll always be*

That Count Dracula laugh still fills the room
And all my guarded heart begins to bloom
