

A SONG WRITTEN FOR DAD

Forever in My Heart

Just because

1:13

3:34

At the beach, we'd build castles tall
And search the shore for seashells small
You'd lift me high and swing me round
My feet would never touch the ground
Then piggyback me through the day
Our laughter followed all the way

*Dad, you're the best in all the world
Your kindness keeps my heart unfurled
I miss our talks; we laugh together
Make every moment last forever*

On Sunday drives, we'd sing along
The car would ring with every song
At night, you'd tell your childhood tales
Those stories set our hearts to sail
You worked so hard to keep us strong
You cared for us our whole lives long
Your teasing always made us smile
Your laughter stayed with us awhile

*Dad, you're the best in all the world
Your kindness keeps my heart unfurled
I miss our talks; we laugh together
Make every moment last forever*

At eighty-one, you're still my hero
Just because, I had to say so
Mom and everyone tend your care
I'm grateful for the time we share

*Dad, you're the best in all the world
Your kindness keeps my heart unfurled
I miss our talks; we laugh together
Make every moment last forever*

*Your stories echo soft and clear
I hold each moment close and dear*
