A SONG WRITTEN FOR RAYMOND

Endless Beach Walks

Anniversary

1:28 4:18

Along Shell Bay beach, we walk in Elie
The sea's soft hush brings easy peace to me
Your gentle way makes every step feel right
We watch the daylight melting into night
So loved, respected, thoughtful through
and through
I find a steady home each day in you

> *Raymond, each moment feels a dream come true*
> *Our life of love will never change*
> *Tomorrow, love will stay the same*
> *Always and forever, us two*

In nineteen ninety-six, we said "I do"
On St Lucia beach, our dreams came true
At Haylcon Sandals, sunlight shone bright
Thirty years have held us close and tight
When we lost our parents, side by side
We found the strength to face each
rising tide
Each year, that song comes back to play
It fills our anniversary day

> *Raymond, each moment feels a dream come true*
> *Our life of love will never change*
> *Tomorrow, love will stay the same*
> *Always and forever, us two*

On this anniversary, I still see
Tomorrow, love will stay the same
Each dream we hold is meant to be
Your hand in mine will light the way

> *Raymond, each moment feels a dream come true*
> *Our life of love will never change*
> *Tomorrow, love will stay the same*
> *Always and forever, us two*

Shell Bay beach still waits beside the sea
And love walks on, forever, you and me
