

A SONG WRITTEN FOR TEEJAY

Journey to Heaven

Birthday

1:12

3:32

At LLA's house, our chess game began
We found we liked each other then
At Ozone Cinema, work made me late
You flushed, then smiled though you
 had waited
Halfway through, I slept on your shoulder
Your patient heart made love grow bolder

*Teejay, my peace, my joy, my haven
You make our journey feel like heaven
Happy birthday, my love so true
Again and again, I'd choose you*

In 2018, my business fell
In 2020, you wished me well
You prayed and kept my hope alive
Together, we would still survive
In Jacksonville, in 2016
I saw a strength I'd never seen
Our daughter Sinu came through pain
Your sacrifice will still remain

*Teejay, my peace, my joy, my haven
You make our journey feel like heaven
Happy birthday, my love so true
Again and again, I'd choose you*

With Tani, Fiire, Sinu too
I see the life we've made come true
May beautiful years light our way
I'll choose you every passing day

*Teejay, my peace, my joy, my haven
You make our journey feel like heaven
Happy birthday, my love so true
Again and again, I'd choose you*

*Your shoulder's where I found my rest
Your loving heart still knows me best*
