

A SONG WRITTEN FOR CARLA

Eternal Choice

Christmas

1:06

3:14

The first day our eyes met, I just knew
I'd spend the rest of my life with you
Through ups and downs, you held on tight
We pulled through hard times in the night
You are my beautiful wife, so dear
The one I'm thankful to hold near

*Carla, you're my soul mate, my best friend
Thank you, your love will never end
If we did it all again, I'd be yours anew
With all my heart, I'd still choose you*

We have four lovely kids, our joy
I see the life we both enjoy
You stood by me through every tear
You made the hard times less to fear
We both have lost the ones we loved
In sad times, we still chose love
We held each other, holding tight
And kept each other close at night

*Carla, you're my soul mate, my best friend
Thank you, your love will never end
If we did it all again, I'd be yours anew
With all my heart, I'd still choose you*

This Christmas, I want you to know
My heart is yours wherever we go
No matter what the years may bring
I'd choose you over everything

*Carla, you're my soul mate, my best friend
Thank you, your love will never end
If we did it all again, I'd be yours anew
With all my heart, I'd still choose you*

*Your hand in mine, I see our way
Thankful I get to love you each day*
