

A SONG WRITTEN FOR BRANDON

Always and forever

Birthday

1:22

4:02

The moment that I met you, I just knew
Love found us at the very first sight
Your calm, kind heart made everything feel true
Your laughter made the whole world feel right
God-fearing man, so beautiful and strong
You made my heart believe where I belong

*Brandon, you're my always and forever
The Lord above has brought us here together
You make me complete, my dream come true
Always and forever, me and you*

Your drinking brought us problems at the start
And we were on and off, so alone
Those hard days left their echoes in my heart
Still love held close the hope we'd always known
Now you're sober, you're a new man
Our love is great and grows each day
We're where the Lord above had planned
We thank Him for this brighter way

*Brandon, you're my always and forever
The Lord above has brought us here together
You make me complete, my dream come true
Always and forever, me and you*

On your birthday, I will hold you near
And thank the Lord for every day
Whatever comes, I'll choose you year by year
Forever is the vow I'll always say

*Brandon, you're my always and forever
The Lord above has brought us here together
You make me complete, my dream come true
Always and forever, me and you*

*With every laugh, our love will lead us through
Right where we're meant to be, me and you*
