

A SONG WRITTEN FOR WESLEY

Secret Flowers of Love

Anniversary

1:18

3:49

On Plenty of Fish, our story began
The bowling alley made us laugh again
At the car wash, bright flowers made me smile
Signed "Secret Admirer" with tender style
I felt a gentle kind of love begin
And found a calm I'd never known within

*Wesley, you gave my whole life back to me
You showed my heart what real love meant to be
I see our future, you're all mine today
Squeeze me, hug me, love me, call me George*

You kissed me on the Eiffel Tower
I keep that kiss through every hour
Your love helped mend my broken heart
You showed what real love is from the start
You listen close to every word I say
You're always there to light my way
You're funny, sweet; you make me smile
Your kisses thrill me all the while

*Wesley, you gave my whole life back to me
You showed my heart what real love meant to be
I see our future, you're all mine today
Squeeze me, hug me, love me, call me George*

On our anniversary, I see
The future growing bright for you and me
I'll choose you through the days ahead
With all my heart, in all I've said

*Wesley, you gave my whole life back to me
You showed my heart what real love meant to be
I see our future, you're all mine today
Squeeze me, hug me, love me, call me George*

*Those secret flowers still make me smile
I hold their warmth a little while*
