A SONG WRITTEN FOR LYDIA

Fairies' Wings Forever

Wedding

1:30 4:24

I was there the day that you were born
Your smile brought light to every morn
I'd collect you from your primary school
Your thoughtfulness became the rule
Together, we learned guitar to play
Small notes still carry us today

> *Lydia, may your days be bright*
> *With Tom beside you, hold on tight*
> *I wish you both a long, happy life together*
> *Love you to little bits of things and fairies' wings forever*

There came a time we were apart
That distance weighed upon my heart
We did not see each other awhile
Then warmth returned within your smile
We overcame it in one embrace
And found again our gentle place
Your thoughtful heart has stayed so true
Each note recalls the best in you

> *Lydia, may your days be bright*
> *With Tom beside you, hold on tight*
> *I wish you both a long, happy life together*
> *Love you to little bits of things and fairies' wings forever*

Today you promise side by side
With Tom, your hearts are open wide
May every year bring songs to share
May joy keep meeting you both there

> *Lydia, may your days be bright*
> *With Tom beside you, hold on tight*
> *I wish you both a long, happy life together*
> *Love you to little bits of things and fairies' wings forever*

May music lead you hand in hand
Through every dawn, across the land
