

A SONG WRITTEN FOR MARK

Together, Faithful and True

Anniversary

1:11

3:28

On Christian Mingle, our story began
God knew the road that would lead you then
In that gas station parking lot, we met
A moment my heart won't forget
Your thoughtful love would light the way
A fixer through each changing day

*Mark, God knew you were meant for me
Twenty-two years helped me to see
This anniversary proves love true
We will see it through, me and you*

With older kids at the water park
Their laughter lit a little spark
At games and recitals, year by year
Your loving presence kept us near
Five long years of sacrifice went by
Then Nathan was the news that made us cry
Taryn surprised us once again
And joy has been our friend since then

*Mark, God knew you were meant for me
Twenty-two years helped me to see
This anniversary proves love true
We will see it through, me and you*

Starting out with you, Mark Jr, Shannon,
and Bree-en

The good times and the struggles, all worth
it then

To be here with you, twenty-two years on

On this anniversary, I know

Whatever the future may bestow

You and I will see it through

Together, faithful, strong, and true

*Mark, God knew you were meant for me
Twenty-two years helped me to see
This anniversary proves love true
We will see it through, me and you*

Just you and me, through all we've known

Still walking every road as one
