A SONG WRITTEN FOR ELI

Best Friends Forever

Birthday

1:04 3:07

At nursery, we never left each other's side
Since one and a half, best buddies there
Every little game was played with pride
Your funny ways put sunshine in the air
My caring friend, you make me feel so glad
Our play dates are the best times I have had

> *Eli, happy birthday, you turn six today*
> *You make me happy when we laugh and play*
> *I'm so lucky to have a friend like you*
> *Best friends forever, me and you*

The best times are when we get to meet
Our play dates make my little heart beat
Our movie together was the best
A memory I keep close to my chest
We decorated cupcakes, icing everywhere
Sprinkles and giggles floating in the air
Your caring heart makes every moment new
I'm so lucky to have a friend like you

> *Eli, happy birthday, you turn six today*
> *You make me happy when we laugh and play*
> *I'm so lucky to have a friend like you*
> *Best friends forever, me and you*

Today you turn six, so let's celebrate
May every birthday feel this bright and great
I hope we're best friends forevermore
And keep on laughing like we did before

> *Eli, happy birthday, you turn six today*
> *You make me happy when we laugh and play*
> *I'm so lucky to have a friend like you*
> *Best friends forever, me and you*

Here's to the fun in everything we do
Love you lots, my best friend, through and through
