

A SONG WRITTEN FOR CAROL

Heart's True Way

Wedding

1:17

3:47

In Troy, Illinois, we met face to face
I saw my own heart in your gentle grace
You understood the way that I feel
Like finding a truth that was finally real
Your patient love gave my soul a home
With you, I knew I was not alone

*Carol, two years made our hearts see clear
With Jesus, love became sincere
Your patient love has always freed us
I only need you and Jesus*

We both had known divorce and pain
Together, we found hope again
We put our focus on each other
And helped the broken pieces gather
You kept on helping when I fell
Your understanding knew me well
Forgiving love became our light
And led us through the darkest night

*Carol, two years made our hearts see clear
With Jesus, love became sincere
Your patient love has always freed us
I only need you and Jesus*

In June two thousand twenty-seven
We'll make our wedding promise now
Our wedding day will feel like heaven
With Jesus, we will take our vow

*Carol, two years made our hearts see clear
With Jesus, love became sincere
Your patient love has always freed us
I only need you and Jesus*

*From Troy, Illinois, to today
My heart has found its truest way*
