A SONG WRITTEN FOR FARIDAH FAROUK RONALD ABIGAIL DERIK

Guiding Stars

Appreciate their love

1:08 3:19

When I need you, you are always near
Your patient love can make things clear
Your funny ways can brighten my day
Your loving hearts can light up my way
Our long journey has brought us this far
Together, you shine like a star

> *Faridah, Farouk, Ronald, Abigail and baby Derik*
> *Your loving patience shapes this lyric*
> *When I need you, you are always here*
> *I love you all, my dears*

A long, long story has brought us here
Through every turn, you have stayed near
Your funny hearts can make me smile
Your patient love stays all the while
Whenever I have needed care
You have been loving, always there
Each step has shown me something true
My grateful heart belongs to you

For being patient, always there
May laughter fill the days to come
May love keep leading us back home
