

A SONG WRITTEN FOR JAQUELINE

Enduring Love

Anniversary

1:06

3:13

At St Peters Youth Club, we first met
Rosemary helped our two paths align
That first bright moment's with me yet
And made your gentle hand find mine
Our three children filled our home with light
And holidays shone warm and bright

*Jaqueline, I love you more than you know
You are my strength through every day
That love will never change or go
Together, we will find our way*

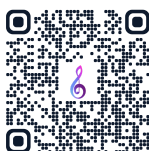

Our three children filled our home with cheer
On holidays, we laughed away the years
Tracey moved to Spain and opened skies
New horizons rose before our eyes
When illness brought its heavy, shadowed days
Your patient love pulled me through the haze
With all your care, you made me strong
Your selfless heart's where I belong

*Jaqueline, I love you more than you know
You are my strength through every day
That love will never change or go
Together, we will find our way*

Near sixty years, still side by side
On this anniversary, I say
At eighty-one, with love and pride
I'll care for you in every way

*Jaqueline, I love you more than you know
You are my strength through every day
That love will never change or go
Together, we will find our way*

*Your hand in mine, our home is warm
Our love will shelter every storm*
