

A SONG WRITTEN FOR SALLY

Forever and Always

Birthday

1:24

4:08

Confetti spilled across reception desk
At Castle Coombe hotel, late and stressed
I gave away our newlywed disguise
While laughter shone so brightly in
our eyes

The first time that I saw you, love
found way
I've loved you more with every passing day

*Sally, on your birthday, hear me say
Your laughter lights each room along the way
I can't imagine life another way
You are my forever and always*

You gave Ben and Jessie all your heart
To build a loving home, a work of art
Then Chloe found the warmth of
your embrace

A granny's joy was shining on your face
When Jessie died so unexpectedly
We carry her in hearts eternally
Whenever we're apart, I miss you so
Your laughter lights my way wherever I go

*Sally, on your birthday, hear me say
Your laughter lights each room along the way
I can't imagine life another way
You are my forever and always*

May health and laughter walk with
us ahead

May every year bring sunlight where
we're led

I'll hold you close through all our
coming years

And fill our days with laughter, love,
and cheers

*Sally, on your birthday, hear me say
Your laughter lights each room along the way
I can't imagine life another way
You are my forever and always*

*Your laughter leaves a glow around our door
I'll love you more than all the days before*
