

A SONG WRITTEN FOR JADE

Onwards and Upwards

Just because

1:06

3:14

At your school prom, I came for a hug
I told you of love in my heart
That one little moment was more
than enough
No distance could pull us apart
When Oliver was a baby, we'd walk
In the park, with time for our talk

*Jade, I'm proud of the life that you've made
When hard times come, your Dad will
always stay
For Oliver, Esme and Priya, love will
not fade
Onwards and upwards, find your way*

In prison, your letters came through
Your visits brought a brighter view
I made a blanket with your name
To show the love that stayed the same
In London, homeless, we lost touch
But love for you still meant so much
Now clean from drink and drugs, I'm free
No longer homeless, I can breathe

*Jade, I'm proud of the life that you've made
When hard times come, your Dad will
always stay
For Oliver, Esme and Priya, love will
not fade
Onwards and upwards, find your way*

If hurdles rise along your road
Don't let them block the dreams you hold
Whenever you fall, I'll be near
Get back up, your Dad is here

*Jade, I'm proud of the life that you've made
When hard times come, your Dad will
always stay
For Oliver, Esme and Priya, love will
not fade
Onwards and upwards, find your way*

*A beautiful star, still burning bright
My love will walk with you through night*
