

A SONG WRITTEN FOR LILY

Shining Through Love

Birthday

1:01

3:00

Two weeks late, you came at long last
So small in your car seat, riding past
Your little head would bob up and down
We held our breath as you looked around
Hairy Maclary lit the night
With Harriet held close and tight

*Lily, happy birthday to you
Your twenty-first comes shining through
From all of us, with happy thoughts
We love you lots and lots*

You learned to swim, our little fish
Each stroke was joy from start to finish
Your warm kindness shines in all you do
Your laughter carries people through
With Will, you've built a love so true
As you buy your first home, just you two
We're proud of all that you have done
Your future opens like the sun

*Lily, happy birthday to you
Your twenty-first comes shining through
From all of us, with happy thoughts
We love you lots and lots*

May every road feel bright and new
May every hope keep finding you
Whatever comes, you'll always know
Our love goes where you choose to go

*Lily, happy birthday to you
Your twenty-first comes shining through
From all of us, with happy thoughts
We love you lots and lots*

*Keep your bright laughter in the air
Our love will meet you everywhere*
