

A SONG WRITTEN FOR JOHNNY

Endless Love Through Time

Anniversary

1:16

3:43

Your charter bus drove us to Florida
On that Bahamas cruise, you found me
From Virginia, you came from afar
And suddenly, love felt so easy
That first bright spark lit up my days
And set my heart on gentler ways

*Johnny, my love runs through all time
You're so easy to love, it's true
For thirty-three years, you are mine
My endless love stays true for you*

You've been the heart that guards our home
Four children know your loving care
For thirty-three years, love has grown
Your steady hands are always there
When death took my father, mother, brother
You stayed beside me in the night
No sorrow made your heart grow colder
You held me close and held on tight

*Johnny, my love runs through all time
You're so easy to love, it's true
For thirty-three years, you are mine
My endless love stays true for you*

On this anniversary, I see
How far your faithful love has led
Whatever comes, stay close to me
My heart is yours in days ahead

*Johnny, my love runs through all time
You're so easy to love, it's true
For thirty-three years, you are mine
My endless love stays true for you*

*That Bahamas cruise still shines in blue
My endless love remains with you*
