

A SONG WRITTEN FOR CHANTAL

Shining Bright

Wedding

1:22

4:03

You crossed the stage with shining eyes
Your pride was written in the skies
Valedictorian, standing tall
At high school, you led them all
You became all I dreamed to be
And brought that dream right home to me

*Chantal, I celebrate your wedding
You have my whole heart from the start
I see your joy beyond all telling
Love you with all my heart*

When you were little, nights were long
Asthma made the night feel far too long
You slept so little, still each day
You never let school slip away
Your mind was strong, your spirit bright
You turned each shadow into light
Smart and beautiful, through and through
But most of all, I cherish you

*Chantal, I celebrate your wedding
You have my whole heart from the start
I see your joy beyond all telling
Love you with all my heart*

Today, your wedding fills the air
I see the hope you both will share
Wherever life may lead you through
My heart will always walk with you

*Chantal, I celebrate your wedding
You have my whole heart from the start
I see your joy beyond all telling
Love you with all my heart*

*My only daughter, shining bright
My heart goes with you into light*
