

A SONG WRITTEN FOR LOUIE AND CHLOE

Endless Love Journey

Wedding

1:06

3:14

At aviation college, September skies
Chloe didn't think Louie would last
His choice of outfit, jeans, a big surprise
By November, that doubt had passed
Come Dine with Me brought warmth
and grace
Game nights and bingo filled the air

*Louie and Chloe, on this wedding day
May all you build together always stay
Your joined hearts hold a lifelong glow
More loved than you'll ever know*

Your first new home became your own in
twenty-three
Then came the proposal, twenty-four
Those walls held all the dreams you both
could see
A future opening wide forevermore
Some grandparents left a quiet space
Yet love still shelters all you share
Come Dine with Me brought warmth
and grace
Game nights and bingo filled the air

*Louie and Chloe, on this wedding day
May all you build together always stay
Your joined hearts hold a lifelong glow
More loved than you'll ever know*

As parents, we're so proud of all
you've done
We wait with joy for all that's yet to come
May every road be walked side by side
And may your love be your sure guide

*Louie and Chloe, on this wedding day
May all you build together always stay
Your joined hearts hold a lifelong glow
More loved than you'll ever know*

*The door of home stays open wide
Our love walks always by your side*
