

A SONG WRITTEN FOR MICHELLE

Enduring Light

Tribute

1:28

4:18

In high school, you were gentle and sweet
I was innocent, still finding my way
We fell in love, with nowhere to retreat
Through all the years, it would not fade away
Your kindness lit the dark in me
Your faith in God helped me to see

*Michelle, you're the love of my life
Your goodness has made me a better man
Your faith in God has brought me to the light
I'll never let you go again*

Life took us down two different roads
Forty years of miles between
But love was a seed that never froze
It waited quiet, unseen
Then one day our hearts found their way back home
A second chance, we're not alone
A love that was never lost
Blessed to hold it, whatever the cost

*Michelle, you're the love of my life
Your goodness has made me a better man
Your faith in God has brought me to the light
I'll never let you go again*

We lived apart, hoping for better days
Two unfulfilled lives, still searching for a sign
Then suddenly you returned, and the haze
Gave way to love and laughter, yours and mine
All the joy we missed is ours to hold
And when this life is through, hand in hand
We'll walk in eternity, never growing old
With the ones we've lost, in a better land

This tribute says what I have known
You are the one, I'm not alone
Now we're together, I'll hold you tight
Your faith in God keeps me in light

*Michelle, you're the love of my life
Your goodness has made me a better man
Your faith in God has brought me to the light
I'll never let you go again*

*Now we're together, hand in hand
Blessed with a love that was never lost*
