

A SONG WRITTEN FOR SUE

Endless Love Journey

Anniversary

1:26

4:12

We met in my car, our friends around
One look, and something true was safely found
The caravan rolled on beneath the sun
The speedboat wakes made every day feel young
That first small moment led me straight to you
And love showed all that we could make it through

*Sue, forty-six years, side by side
Thank you for the love you give to me
May health and happiness be our guide
I'll love you always, endlessly*

Four boys brought noise and joy into our home
Seven grandchildren make our whole house hum
One great grandchild brings fresh light to our days
And fills our hearts in so many ways
We lost our parents, and we lost our house
Still, hand in hand, we made it through somehow
I fought through cancer, found my strength again
Your patient love stood with me through the pain

*Sue, forty-six years, side by side
Thank you for the love you give to me
May health and happiness be our guide
I'll love you always, endlessly*

On this anniversary, I see
More quiet mornings waiting up ahead
May health and happiness always be
All the love our years have gently bred

*Sue, forty-six years, side by side
Thank you for the love you give to me
May health and happiness be our guide
I'll love you always, endlessly*

*Still hand in hand, beneath a soft blue sky
Our love goes on, wherever days may fly*
