A SONG WRITTEN FOR ISLA

Shine Bright Today

Birthday

1:04 3:08

With Yankee Doodle, through it all
You hold on tight and find your way
Your confidence stands proud and tall
Your perseverance leads the play
Then you invent a brand-new game
And give each happy rule a name

> *Eye la, beautiful and strong, you shine bright*
> *Today we celebrate your day*
> *We're proud to see you find your light*
> *Perfect in every single way*

At granny's table, roast is warm
Your family's laughter gathers near
That roast dinner is your favourite treat
You hold those simple moments dear
With long blonde hair, you strike a pose
Your blue eyes sparkle when you smile
As a model, fashion always shows
You light the room in your own style

> *Eye la, beautiful and strong, you shine bright*
> *Today we celebrate your day*
> *We're proud to see you find your light*
> *Perfect in every single way*

May every dream you make take flight
May every path ahead be bright
On your birthday, we just want to say
Our love will guide you every day

> *Eye la, beautiful and strong, you shine bright*
> *Today we celebrate your day*
> *We're proud to see you find your light*
> *Perfect in every single way*

Keep turning moments into play
Our love will always light your way
