

A SONG WRITTEN FOR SUE

Eternal Love in Light

Just because

1:05

3:10

At Sergeant Peppers bar, we met
That first hello I won't forget
Few cars were left there in the night
My red Corvette stood in the light
You thought the rusted '64 Chevy was mine
And that small moment still can shine

*Sue, I'm lucky that I married you
For forty-seven years, our love stays true
Your thoughtful heart means all to me
And I love you more eternally*

A few illnesses brought hard years
We held each other through the tears
Your thoughtful heart was always near
Your affectionate love calmed my fear
You're there for everyone in need
With steady warmth in word and deed
Through forty-seven years, I see
How beautiful you are to me

*Sue, I'm lucky that I married you
For forty-seven years, our love stays true
Your thoughtful heart means all to me
And I love you more eternally*

You made our house a lovely home
Two amazing kids make us proud
Four wonderful grandchildren
So beautiful, with love they grow

*Sue, I'm lucky that I married you
For forty-seven years, our love stays true
Your thoughtful heart means all to me
And I love you more eternally*

*My red Corvette beneath the light
Still brings my heart to you each night*
