

A SONG WRITTEN FOR DONN

Heaven-Sent Love

Just because

1:25

4:10

At Dyess Air Force Base, our paths first crossed
You heard my singing in the air
In Abilene, Texas, time just paused
You said an angel sang somewhere
You were flight engineer, steady, true
I worked on aircraft, drawn to you

*Donn, heaven-sent, you came to me
God built our trust through faith anew
Your love is faithful, strong, and deep
I am your forever girl, by your side loving you always
Donn, I thank God every day for you, I do, I do love you*

At Red Lobster, you asked for my hand
One year from meeting, there we'd stand
On March 29, 1990, we wed
And laughter fills the years ahead
When Dakota's sudden loss brought pain
Your faith held up our home again
Your strength was comfort, tried and true
It carried all our family through

*Donn, heaven-sent, you came to me
God built our trust through faith anew
Your love is faithful, strong, and deep
I am your forever girl, by your side loving you always
Donn, I thank God every day for you, I do, I do love you*

At family gatherings, you make room
For every laugh to fill our home
Your generous heart brings joy each day
You make the most of life that way
You give us all the things we need
In caring words and thoughtful deeds
Still after years, we laugh anew
I'm still in love, still close to you

Through every season yet to be
I'll keep on walking by your side
Through life's adventures, you and me
With love and faith to be our guide

*Donn, heaven-sent, you came to me
God built our trust through faith anew
Your love is faithful, strong, and deep
I am your forever girl, by your side loving you always
Donn, I thank God every day for you, I do, I do love you*

*Still smiling, still in love, we glow
Your forever girl loves you so*
