

A SONG WRITTEN FOR GERALD AKA REDD

Heartfelt Gratitude

Just because

1:09

3:23

At my first Dolphins game, lights shone bright
The Dolphins beat the Jets that night
When I came back, lost in that crowd
You found me there and mapped a way out
You turned the roar to a quiet place
With steady peace across your face
You bring me flowers for no reason at all
And a little stuffed Crystal, I laugh, I fall
You framed our Lizzy, our baby, big and bright
Now she watches over us from the wall tonight

*Redd, no one compares to you
No one could ever outdo what you do
I'm grateful that you chose me, heart and soul
And you made my heart feel whole*

Through my double hip replacement, you stayed
From beginning to end, you never swayed
You say, "One day at a time," to me
And somehow peace comes back so easily
You call me "pretty lady," warm and true
And every time, I fall in love with you
Your green eyes meet mine, soft and clear
With you beside me, I have nothing to fear

*Redd, no one compares to you
No one could ever outdo what you do
I'm grateful that you chose me, heart and soul
And you made my heart feel whole*

I'll keep your steady peace close to me
Through every change, wherever we may be
I'll choose you with a love that's strong and true
There is nobody in this world like you

*Redd, no one compares to you
No one could ever outdo what you do
I'm grateful that you chose me, heart and soul
And you made my heart feel whole*

Your hand still finds me in the crowd tonight
My grateful heart still holds you tight
