

A SONG WRITTEN FOR JACQUE

Steady Song of Love

Birthday

1:11

3:30

At our wedding, you took my hand
Your love for family burned bright
I saw the strength in how you'd stand
You turned our world toward the light
That vow still carries me along
It makes my heart a steady song

*Jacque, your love and strength light up my night
Your commitment sees me through
Our three sons make my heart shine bright
My faithful heart returns to you*

When illness cast its shadow near
When family loss brought tears at night
You faced those days with courage clear
And kept on reaching for the light
We'll renew our vows on a cruise
Your sister shares your playful cheer
With brother-in-law in your banter
Their laughter rings so warm and clear

*Jacque, your love and strength light up my night
Your commitment sees me through
Our three sons make my heart shine bright
My faithful heart returns to you*

Our first holidays abroad still glow
On your birthday, may love stay true
May laughter lead us where we go
May every dream come home to you

*Jacque, your love and strength light up my night
Your commitment sees me through
Our three sons make my heart shine bright
My faithful heart returns to you*

*Your hand in mine, our hearts still grow
Wherever our shared journeys go*
